Dear Citizens,

We are pleased to present to you the Fiscal Year 2017-18 Annual Budget and Plan of Municipal Services. The City of Windcrest's Annual Budget and Plan of Municipal Services is the comprehensive budget and plan for municipal services for the coming year. This document continues the direction as established by our citizens and the City Council to meet the existing challenges and effectively plan for future needs. The City Council voted and passed the first reading of the budget on Wednesday, September 27, and heard and voted on the second and final reading on Thursday, September 28.

BUDGET OVERVIEW

The Fiscal Year 2017-18 Annual Budget and Plan of Municipal Services is an operational and financial plan for the programs and services provided by the City during the coming year. The proposed \$9.7 million budget includes funding for all services; including Sanitation, WCCPD, and EDC, as well as Capital Improvements. As you can see, the City Council and staff is working hard to invest in our City with Capital Improvement Projects for the upcoming Fiscal Year.

Overall, on-going operating costs increased as a result of new programs to address council priorities, and other fixed operational expenses that are addressed in more detail in the budget summary section. There are many capital improvements budgeted: such as; personal protective equipment for Fire Department, Parks Lights purchase, new concession stand with restroom and storage, Street Sweeper purchase, new Ford F-250 and other capital purchases which can be found on page 31-32, "Items to Consider" spreadsheet.

GENERAL FUND

The primary operating fund of the City of Windcrest is called the General Fund. The majority of revenues collected to operate this fund are derived from various taxes. This fund is used to account for all financial resources not restricted to special or specific projects. As a general rule, in all funds, we budget revenues and expenditures conservatively to enhance sound financial management. To do otherwise could impair the City's ability to continue providing services to the citizens. In Fiscal Year 2017-18, the General Fund budget projects revenues to reach \$6,727,017.00. Significant revenues in the General Fund include revenues derived from property tax (ad valorem taxes), sales & use taxes, and franchise taxes. Other revenues that provide resources within the General Fund include fees and charges, and other miscellaneous revenues. General Fund expenditures have been budgeted at \$7,234,111.00. This increase is attributable to budgeting for increased operating and maintenance expenditures such as, stipends and 2 % Cola for City Employees increase in the cost of fuel, utilities and employee health reimbursement account. All this was able to be accomplished without raising taxes! Please note that we have lowered the residential property tax rate by over 30% in the last 7 years. All improvements scheduled to commence for this fiscal year will be completed by paying cash while still maintaining the property tax rate.

Fund balance (rainy day fund) is considered excess funds that the City Council has available for appropriation. The City Council has requested a very stringent fund balance policy that limits the expenditure of these funds. Beginning fund balance projected for fiscal year 2017-18 in the General Fund is \$2,279,076.00 which, after taking into account the effects of the projected revenues and adopted appropriations for each department, leaves an estimated ending fund balance of \$1,771,982 which can be found on page 11, "Projected fund summary FY 2017-2018" spreadsheet. The ad valorem tax rate (property tax rate) for fiscal year 2017-18 is budgeted to be 1,885,721.00. This is the same property tax rate as last year.

The City Council has proposed a total of 90.5 employees in fiscal year 2017-18 at the City of Windcrest. This includes 67 full time employees, 1 part time employees, 20 seasonal employees, and 7 contract positions that is equal to 3.5 employees which can be found on the page 25-26, "Personnel summary "spreadsheet. As demand for services increase, population grows, and economic growth continues, the amount of resources necessary to provide quality services also grows. However, the City Council and City Management will continue to monitor the growth in personnel to ensure that over-staffing does not occur.

CONCLUSION

The City of Windcrest is a growing community with ever increasing needs, The Fiscal Year 2017-18 Annual Budget and Plan of Municipal Services allocates resources to address priorities identified by the City Council during various Council workshops and Town Hall Meetings and addresses many of those needs. The budget continues the prudent fiscal and budgetary policies implemented in the past two years and provides services to the community through new and expanded programs. Each program addressed within the budget has been evaluated to ensure value to the community and enhancement to the quality of life for our citizens.

With the continued support of the City Council and the City Staff, the City of Windcrest, the city is DEBT FREE. The Windcrest Economic Development Corporation (WEDC) is also debt free having paid off their loan to build Racker Road, an obligation owed Rackspace. The WEDC paid this loan off many years in advance, and thus, saved hundreds of thousands of dollars in interest.

On behalf of the City Staff and myself, I want to thank the City Council and the citizens of Windcrest for their leadership, hard work, efforts and confidence in what we do. In the past seven years, the City has progressively improved its financial condition while developing immediate and long-term priorities. The available resources never seem to meet all recognized needs and in fact never will. This presents an endless challenge for Civic City leaders. Although the demands never seem to cease, our successes and rewards do not either. The continued development of short-term and long-term goals is paramount to the future success of our community. Over the next fiscal year, City Staff looks forward to working with you in making decisions and developing plans that will positively impact our community.

Finally, we acknowledge the tremendous contributions and teamwork of all City staff in preparing the Fiscal Year 2017-18 Annual Budget and Plan of Municipal Services. The management team worked together to assist in achieving the goals set by Council. Each department worked to find savings in their operating budgets, and to make suggestions for program improvements.

Sincerely,

Alan E. Baxter Mayor

FUND: 02 GARBAGE FUND

DESCRIPTION

Garbage Fund is an enterprise fund that tracks revenue and expenditures for the City's solid waste function and is managed by the Finance Department. The City maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as a business-type activities in the government-wide financial statements. The City uses an enterprise fund to account for its garbage utility operations.

The Garbage Department serves the consumers by providing sanitation services to all residents and businesses within the City of Windcrest. In the City of Windcrest, residential customers are billed twice a year (April and October), and commercial customers receive a monthly billing. City Council voted 10 percent increase in the commercial garbage rates for the FY 2017-2018.

Currently the sanitation services are provided by Allied Waste Services.

To assist the reader of the Annual Budget and Plan of Municipal Services document in understanding various terms, a budget glossary has been included.

Accrual Accounting - A basis of accounting in which debits and credits are recorded at the time they are incurred as opposed to when cash is actually received or spent. For example, in accrual accounting, a revenue which was earned between April 1 and July 31, but for which payment was not received until August 10, is recorded as being received on July 31 rather than on August 10.

Administrative Charges - The charges imposed upon a fund for support services provided by another fund. For example, the Finance Department (General Fund) provides services to the Garbage Fund, therefore the General Fund charges the Garbage Fund for these services based on reasonable allocation methods.

Adopted - Adopted, as used in fund summaries and department and division summaries within the budget document, represents the budget as approved by formal action of the City Council which sets the spending limits for the fiscal year.

Ad Valorem Taxes - Commonly referred to as property taxes are the charges levied on all real, and certain personal property according to the property's assessed valuation and the tax rate, in compliance with the State Property Tax Code.

Amended Budget - Includes the adopted budget for a fiscal year, plus any budget amendments or budget transfers.

Annexed Property - Land previously outside the City limits that becomes part of the City during a year through the legal process of incorporation.

Annual Operating Plan - The Annual Operating Plan acts as the City's short range guideline for revenue projections, cost of service budgeting and project planning and demonstrates incremental progress towards the implementation of the Century Plan. The Annual Operating Plan includes programs, projects and work activities for the one, two and seven year horizons.

Appropriation - An authorization made by the city council which permits the city to incur obligation and to make expenditures of resources.

Appropriation Ordinance - The official enactment by the City Council to establish legal authority for City officials to obligate and expend resources.

Assessed Valuation - A value that is established for real or personal property for use as a basis for levying property taxes. (Note: Property values are established by the Coryell County Appraisal District.)

Asset - Resources owned or held which have monetary value.
